## Mission-Critical Energy Planning

# Operational Continuity in the Face of Outages, Threats and Change

### Energy & Utilities

- Evaluate onsite generation/production
- Critical load determination
- Mission assurance
- Identification of true costs
- Tariff and rate structure analysis
- Custom site and/or community specific recommendations aligned to mission and ROI
- Data-driven insights, including life-cycle cost analysis and cost scenario modeling
- Improve preparedness for outages, cyber threats and energy utility supply disruptions

### Communities

- Planning in regional contexts
- Supporting national defense through local preparedness
- Assessing assets of resilience, including housing and community development, transportation, hazard mitigation and more

### Projects

- Energy Security and Resilience Assessment for Fort Carson, CO
- Roadmap to 2030 for U.S. Army Garrison Kwajalein Atoll
- Energy Security and Resilience Assessment for Fort Campbell, KY
- Energy Reconnaissance Study for Watervliet Arsenal, NY
- Energy Reconnaissance Study for Redstone Arsenal, AL
- Energy Reconnaissance Study for Aberdeen Proving Ground, MD
- Kalaeloa Safe & Reliable Energy Infrastructure Study, Hawaii Community Development Authority, HI
- Business Case Analysis - Energy Alternatives for Forts Greely and Wainwright, AK
- PuebloPlex Infrastructure Master Plan, Pueblo, CO (Performed Alternative Energy Assessment and Utilities Privatization Assessment)
- Water Resiliency Assessment and Business Case Analysis - Joint Base Elmendorf Richardson, AK

**ENHANCE YOUR RESILIENCY**
